Doorhandles

with pin fix

Information

You have just acquired a high quality AXA product. The instructions below must be followed closely in order to effectively install and operate this product.

Application:
Interior doors

Installation manual

1. Insert the handle (spindle part) through the backplate into the lock (figure **A**).
2. Place the handle (female part) on the other side of the door through the backplate onto the spindle.
3. Adjust any play using the square bolt on the pin (figure **B**).
4. Push the pen through the door handle (figure **B**).

The horizontal play in both door handles can be eliminated by turning the square bolt inwards or outwards. Check the play with the pin loosely inserted into the hole. Once the play has been eliminated, press the pin firmly into the hole.
